

Darshana Wijesinghe

Senior .NET Engineer | dar.mail.work@gmail.com | +94 70 229 3007 | [LinkedIn](#) | [Portfolio](#)

Over 5 years of experience in .NET, developing software for Inventory & POS, Pharmaceuticals, E-commerce, Property Management, and ERP. Skilled in backend development, system optimization, and cloud integration, with a strong focus on performance and practical solutions.

TECHNICAL SKILLS

.NET/.NET Core/ASP.NET/ASP.NET Core (5+ yrs), EF (2+ yrs), MSSQL (4+ yrs), MySQL (1 yr), NoSQL, WCF (1 yr), REST APIs (2+ yrs), Microservices, Azure (1+ yrs), Git, MSTest (1 yr), xUnit, BMad Method

WORK EXPERIENCE

Senior Software Engineer Nov 2025 – Present

[Computer Information Systems, Inc](#) | Remote

- Develop and maintain the public safety **legacy** systems using **AI-assisted** tools (Cursor, BMad) to enhance productivity and code quality.
- Built and optimized automated workflows using **n8n** to generate training schedule documents for the training team; this solution was developed for an AI Hackathon and won the grand prize.
- Participate in AI-related research and development to reduce development time and automate repetitive tasks across the company.

Senior Software Engineer Oct 2024 – Sep 2025

[IT Solutioners Lanka](#) | Remote

- Refactored **ASP.NET Core** codebase for discount and incentive modules, enhancing maintainability and scalability.
- Redesigned **MSSQL** schema for the same modules, reducing DB size by 50% and simplifying structure.
- Automated SAP-ERP data syncs using **Quartz.NET** background jobs, reducing manual sync errors by 90%.
- Integrated **WorkflowCore** to create dynamic approval flows, cutting turnaround time for internal processes.

.NET Web Developer / Senior .NET Web Developer Feb 2023 – Sep 2024

[Waterlily Labs \(Pvt\) Ltd](#) | Remote

- Developed & maintained **ASP.NET** backend for a Property Management System, improving tenant and repair tracking efficiency.
- Developed a Report Generator module enabling clients to build & schedule reports, saving 6+ hours per week.
- Optimized **MySQL** with custom views and stored procedures, improving load times by 30%.
- Supported **Microsoft SSO** integration for enterprise-level authentication and security compliance.
- Mentored junior developers and led **code reviews**, raising **code quality** across the team.

Programming Analyst / Senior Programming Analyst Aug 2019 – Sep 2022

[Heptagon Software Solution \(Pvt\) Ltd](#) | Hybrid

- Delivered end-to-end **.NET desktop applications**, improving business operations in POS and inventory management.
- Automated critical background processes via **.NET Windows Services**, eliminating 80% of repetitive tasks.
- Developed a **real-time business dashboard** displaying live sales, stock levels, and key KPIs for executives.
- Created 50+ reports using **Crystal Reports**, empowering data-driven decision-making for business users.
- Built and deployed a scalable **ASP.NET** e-commerce solution for pharmaceutical retail, with an admin panel.
- Improved transactional speed and accuracy through advanced **MSSQL** indexing and query restructuring.

CODE REPOSITORIES

- [Snipster](#)
A lightweight and **open-source** utility library for **.NET** developers.
- [E-Commerce Platform Service](#)
Backend microservices app with **.NET 8**, **REST APIs**, and **RabbitMQ** event-driven communication.

- Azure Function App
Converts flat **JSON** to Excel using **NPOI** in a serverless **Azure Functions** environment.
- Azure Cosmos Database App
CRUD **REST API** with **.NET 6**, using **Cosmos DB** bulk inserts, triggers, and user-defined functions.

EDUCATION

Higher Education Qualification in Information Technology
[BCS, The Chartered Institute for IT, UK](#)

Dec 2025
